

MT SERIES

2 - way Headsets

Peltor's MT series 2-way communication headsets are specifically designed for industrial users in high noise environments. Incorporating Peltor's latest technology in both earcup design and electronics make this headset the ideal choice for clear, crisp 2-way communication in extreme noise areas in industries such as:

- ▶ Heavy Equipment Operators
- ▶ Airport workers
- ▶ Construction
- ▶ Manufacturing
- ▶ Agricultural
- ▶ Racing

- ▶ **NRR 25dBA**
- ▶ **Extremely Comfortable**
- ▶ **Adaptable to any new or existing radios**
