LightUsage

Our P1 rating applies to soft leather cases for day-long comfort in environments such as offices, shops and warehouses. Their low price doesn't mean that their quality has been compromised.

HeavyDuty

P2, the workhorse of the range. Firm leather cases built to survive the rigours of industrial environments. P2 rated cases combine quality with unbeatable prices. P2 cases suitable for use with IS/ATEX radios available.

Klick Fast System Dock to Lock, Click to Stick

The Klick Fast Connector

The heart of the KlickFast system: the connector can be added to any of our cases. This slim, durable moulding allows quick, easy docking and locking into any of our docks.

Cases move between docks in seconds.

Sliding a Klick Fast connector into any Klick Fast dock locks it securely in place. It can then be 'clicked' to any of seven carrying angles—still remaining locked securely in place. Cases are released simply by inverting them, which lets them slide free instantly.

'Screw-to-Fit' Dock DOCK08

Awaiting garments with sewn on docks? Upgrade your existing garments in minutes with this dock.

RSM Tag Dock DOCKRSMTAG

Converts existing remote speaker mic tags on specialist uniforms to the KlickFast system.

Belt Docks

to suit 32mm belt
to suit 38mm belt
to suit 50mm belt
to suit 60mm belt

DOCK01
DOCK02
DOCK03
DOCK07

Available in four sizes to suit all widths of belt.

Stick-on Dock DOCK04

Same fitting as Sew-on Dock but with a self adhesive backing for mounting on vehicle dashboards and walls.

Screw-on Dock DOCK05

Four recessed mounting holes allow the Screw-on Dock to be securely mounted almost anywhere.

For more information please contact your local Authorised Dealer or Distributor:

To generate a part number for any radio case, simply specify your radio's part number (eg TK3360) and add the required case's part number (eg P2PV) to make, in this example, TK3360/P2PV.

Add KF to the end of the order code to replace the belt attachment with a Klick Fast connector. Please specify size of belt dock required (32mm, 38mm, 50mm or 60mm).
