VoCoVo

VoCoVo Go Solution

Scalable, efficient, and
affordable communications

Helping you to provide a first class
experience to your customers

How VoCoVo is transforming hospitality

VoCoVo enables teams to communicate instantly, to pass information and resolve queries across a wide area. At the heart of any VoCoVo solution are lightweight, robust, wireless headsets (no wires or battery belt packs) offering instant crystal clear communication.

Here is why VoCoVo is trusted by over 4000 businesses

198%

Increase in how quickly colleagues are able to help customer enquiries

87%

Think they are better equipped for serving customers

£2.5 million

Efficiency savings year on year

52%

Increase in how safe colleagues feel at work

Why choose VoCoVo?

- **Easy set up** - simple plug and play
- **Easy to use** - minimal training for new employees
- **Long life battery** - up to 48 hours usage between charges

VoCoVo

Go Starter Kit – simply plug in and go

Everything you need arrives in the box – just plug in, charge the headsets and start instant communications with your team. Press the button, speak and your whole team can listen, talk and help!
